10th - ST JOHN'S BOYS MATRIC HR SEC SCHOOL

2019- 2020 | Salem

Percentage - 50%

CAREER EXPERIENCE

INTERNSHIP

- Network Systems - Salem, completed internship in “Java” in Aug - 2023.
- Pixelshift Web Solution - Coimbatore, completed internship in “Web Development” in Jul - 2024.

PROJECTS

AI TRIP PLANNER

Created an AI-based web application that creates customized travel itineraries according to users' interests (destination, budget, dates, interests), integrating Flask, OpenAI GPT API, and live data from APIs such as Google Maps, Skyscanner, and OpenWeatherMap. Created a responsive frontend with React.js and Tailwind CSS, integrated a recommendation engine using Scikit-learn, and hosted the app on AWS through Docker and GitHub Actions for CI/CD.

EMPLOYEE MANAGEMENT SYSTEM

Developed an application to manage employee data using Core Java with MySQL database integration through JDBC. Implemented core functionalities such as create, update, delete, view, and search. Added input validation for key attributes to ensure data integrity. Used a switch case structure in the update module to allow selective field updates without modifying all fields, enhancing flexibility and usability.

EXTRACURRICULAR ACTIVITIES

- Presented a paper titled “Cloud Computing” at Kongu Engineering College.
- Presented a paper titled “AI Trip Planner” at P A College of Engineering and Technology.
- Presented a paper titled “Neura Link” at Coimbatore Institute of Technology.
